### **III. FACTUAL BACKGROUND**

#### **A. Fraud Scheme**

49. From at least 2018 to the present, Defendants, together with others known and unknown, for their financial benefit, orchestrated a widespread fraud scheme to defraud Plaintiffs and others by (i) unlawfully grooming and recruiting construction workers into staging and perpetuating fake construction accidents that occurred in New York; (ii) preparing and collecting documentation as well as submitting, filing, prosecuting and asserting fraudulent workers’ compensation claims and personal injury lawsuits on behalf of such construction workers; (iii) providing or alleging to have provided medically unnecessary and excessive healthcare services to such construction workers; (iv) providing monies directly or indirectly to Defendants and to Claimants to fund the fraud scheme, and/or (v) using the fraudulent diagnoses and medically unnecessary and excessive healthcare services to unlawfully enrich the Defendants and inflate the settlement value of claims and lawsuits (the “Fraud Scheme”).

50. The conspiracy shares many structural elements similar to those found in *United States v. Rainford*, as summarized by the Second Circuit Court of Appeals in its recent decision affirming criminal convictions:

“The scheme involved recruiting poor and homeless people to fake accidents at properties around the New York area. The recruit would stage an accident and then seek unnecessary medical treatment—sometimes including surgery—from doctors who were part of the scheme. The organizers of the scheme would then refer the recruit to a lawyer, who would sue the property owner or the owner’s insurance company for damages. The proceeds from the lawsuits, which often settled, were then divided among the co-conspirators, with the recruits receiving relatively little.” *United States v. Rainford et al.*, 110 F.4<sup>th</sup> 455 (2d Cir. 2024)

51. The Defendants together constituted an association-in-fact enterprise generally structured as depicted below in Figure 1:

Figure 1.

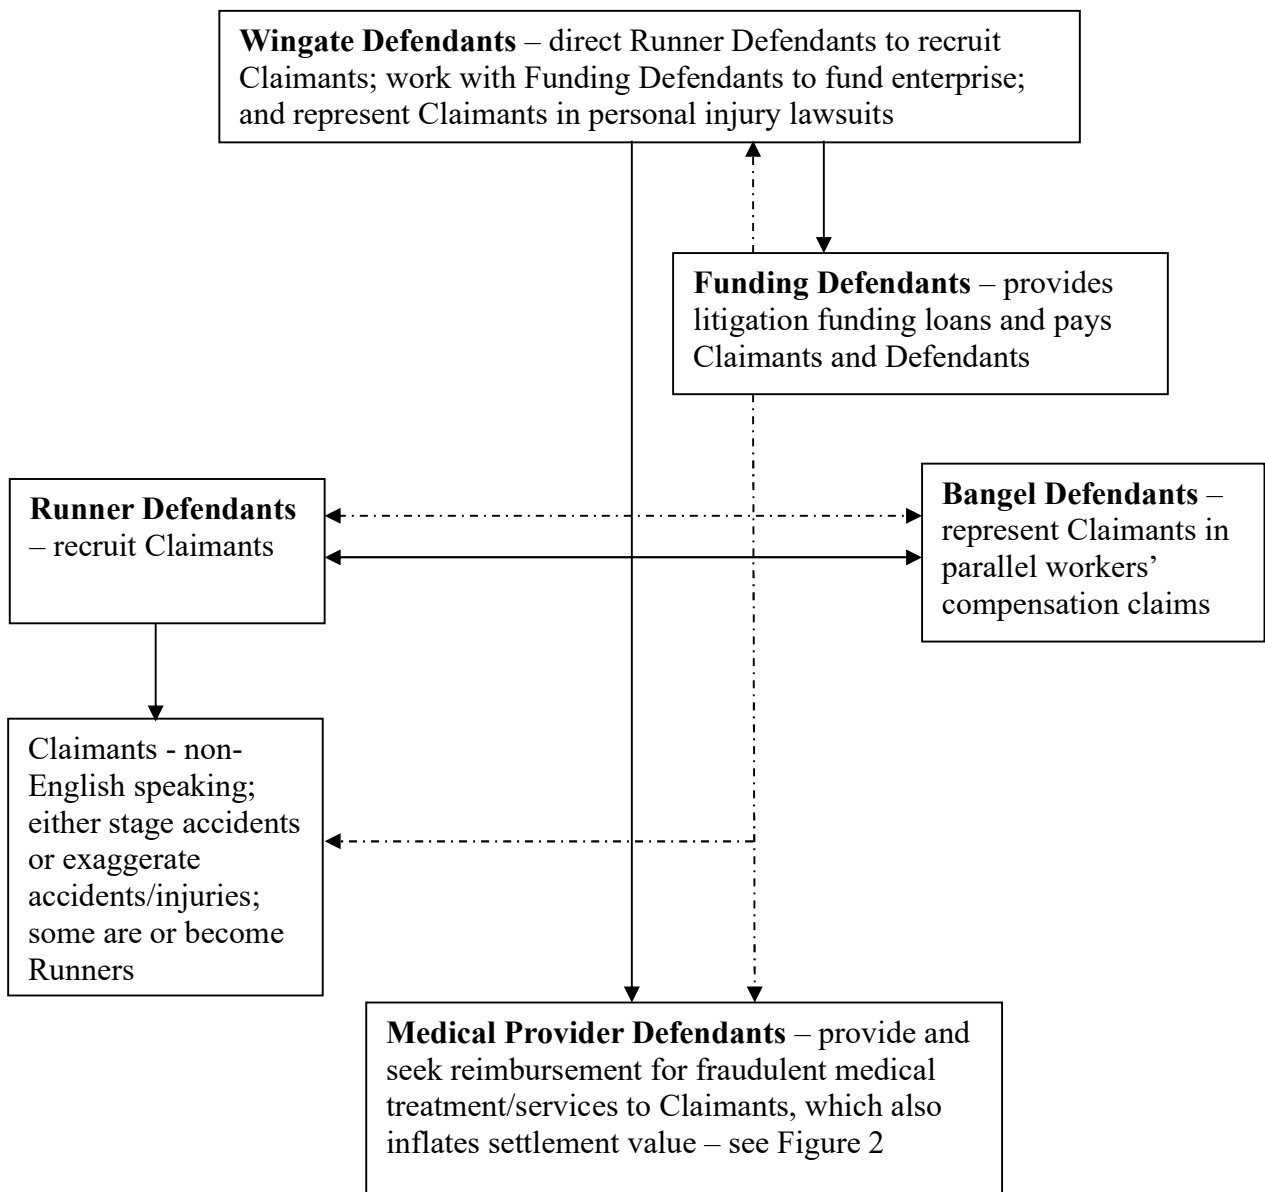

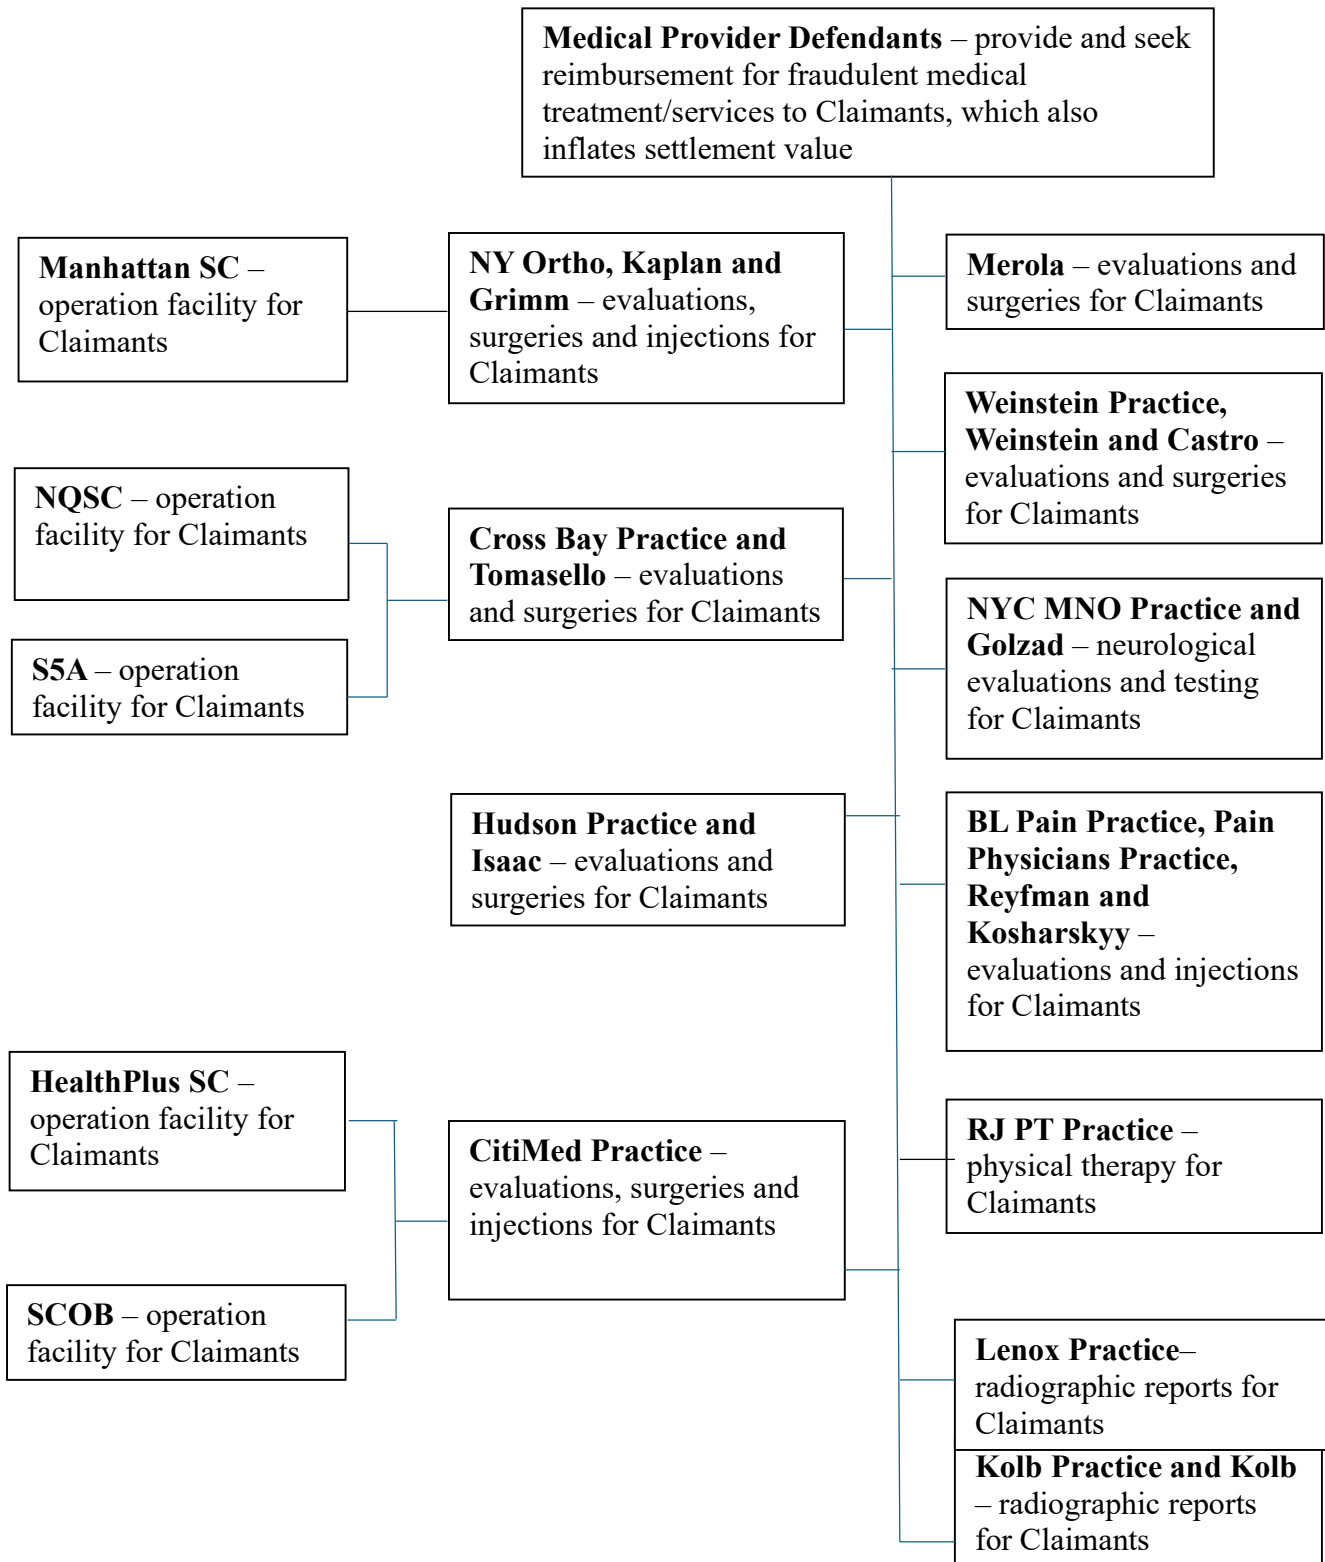

Figure 2.

52. Generally, as part of the Fraud Scheme, individuals known as runners (“Runners”), including the Runner Defendants, under the direction of the Wingate Defendants and in furtherance of the Fraud Scheme, recruited construction workers (“Claimants”) into staging and/or perpetuating fake construction accidents at various construction sites throughout New York.

53. Upon information and belief, as part of the recruitment process, Claimants were told that they would be paid workers’ compensation benefits for not working if they had a workplace injury and that they would receive money in addition to workers’ compensation benefits in order to cover any gap in pay.

54. Claimants were also told that the amount of their economic benefits would increase if they had surgeries or rehabilitation, and that the economic benefits could continue for weeks or more.

55. Regardless of any actual bodily injury stemming from the purported construction accidents, these Claimants were instructed by the Runners, under the direction of the Wingate Defendants and on behalf of the Defendants, to fake and claim certain bodily injuries that purportedly resulted from such accidents and to seek medical treatment from providers who would provide treatment in furtherance of the scheme.

56. The Runners then referred and/or transported these Claimants to Wingate Firm, where attorneys and/or other employees of Wingate Firm met with these Claimants.

57. The Wingate Defendants represented the Claimants in personal injury lawsuits against the various parties involved with the construction project (*e.g.*, owner, general contractor, construction manager, etc.) for purported injuries that resulted from alleged accidents on the construction projects.

58. For workers' compensation claims made to the New York State Workers' Compensation Board ("NY WCB"), Bangel Firm routinely represented the Claimants for the same purported injuries that resulted from alleged accidents on the construction project.

59. The Bangel Defendants and the Wingate Defendants had an agreement and understanding that Bangel Firm would represent Claimants in workers' compensation claims and Wingate Firm would represent Claimants in personal injury lawsuits, in furtherance of the Fraud Scheme.

60. For most Claimants, both personal injury lawsuits and workers' compensation claims were initiated and proceeded in parallel to maximize profit for the Defendants.

61. In order to inflate settlement value and workers' compensation benefits and thereby effectuate higher profit for the Defendants, Wingate Defendants, Bangel Defendants, Runner Defendants and/or others under their control, directed the Claimants to seek medical diagnosis and treatment from associated medical providers, including the Medical Provider Defendants, who provide a variety of services (radiology, physical therapy, pain management and orthopedic surgery) at facilities located in or to patients from multiple states, including New York and New Jersey.

62. Upon information and belief, in order to conceal the Claimants' actual conditions from discovery or otherwise hamper carriers' limited access to Claimants at any point, Wingate Defendants and/or Bangel Defendants would provide personnel that sometimes consisted of Runners to accompany the Claimants to all independent medical examinations under the guise of protecting the Claimants' interests.

63. Many of the Claimants are undocumented immigrants who do not speak English, and the Claimants, as part of the Fraud Scheme, were instructed to fake their injuries and to receive a myriad of healthcare services that were unnecessary, excessive, unwarranted and costly and/or not causally related to the alleged workplace accident.

64. Upon information and belief, as an incentive to attest to fraudulent accidents and injuries and to undergo unnecessary surgery and/or surgery not causally related to the alleged workplace accident, the Legal Service Defendants connected the Claimants to the Funding Defendants who offered high-interest litigation funding loans to Claimants. The Claimants received a portion of the high-interest funding loan proceeds and the high-interest funding loans were secured by the settlement payments anticipated from Claimants' workers' compensation claims and/or personal injury lawsuits.

65. Upon information and belief, the Runners also received a portion of the Claimants' high-interest funding loan proceeds.

66. The Medical Provider Defendants provided false diagnoses, the use of their facilities and resources, and unnecessary, excessive, unwarranted and costly medical services and/or medical services that were not causally related to the alleged workplace accident, for which the Medical Provider Defendants received compensation from workers' compensation insurance.

67. The Medical Provider Defendants understood and agreed that in turn for providing the false medical documentation needed for higher settlement values, the Legal Service Defendants will continue to funnel patients to their offices.

68. As an incentive to provide the false medical documentation, upon information and belief, at least some Medical Provider Defendants received a portion of the loan proceeds that the

Funding Defendants provided to Claimants or maintained otherwise unnecessary liens against said recoveries in excess of the New York State Workers' Compensation Medical Fee Schedule.

69. Armed with the fraudulently documented medical diagnoses and medical services allegedly related to the workplace accident, the Wingate Defendants fraudulently inflated the settlement values of personal injury lawsuits in order to extract greater settlements from general liability carriers, including from Plaintiff Roosevelt.

70. Similarly, the Bangel Defendants fraudulently inflated the settlement values of workers' compensation claims in order to obtain payments to Medical Provider Defendants for unnecessary and/or unperformed services and thereafter to extract greater settlement from workers' compensation carriers, for which Plaintiff Tradesman provides administrative, investigative and support services.

71. After settlement and payment of settlement proceeds in the personal injury action context, based on the high-interest funding loans provided to Claimants, the Funding Defendants expect to receive the bulk of such settlement proceeds, which the Funding Defendants in turn would redistribute to the Legal Service Defendants.

**B. Fraudulent Accident, Treatment and Claim/Lawsuit in Furtherance of Fraud Scheme**

72. Defendants engaged in the Fraud Scheme resulting in a significant number of fraudulent claims being filed. For example, on behalf of Defendants and in furtherance of the Fraud Scheme, the Legal Service Defendants represented the following individuals who were recruited by the Runner Defendants and staged an accident and/or claimed injuries unrelated to the alleged accident in claims and lawsuits the Legal Service Defendants knew were fraudulent, the Medical Provider Defendants provided unnecessary and excessive treatment unrelated to the

claimed accident, and the Funding Defendants provided high-interest funding loans, the proceeds of which were redistributed to Defendants. The following individuals are just a fraction of the individuals who participated in the Fraud Scheme between 2018 and the present perpetrated by the Defendants. Predicate acts relating to an additional seven claimants are referenced in Exhibit A to further underscore the extent and duration of the Fraud Scheme.

i. Claimant A

73. Claimant A was allegedly injured on March 18, 2019, while working on a construction project in New York when he pulled on a pulley and the metal pulley cut and supposedly crushed his right middle finger. He reported that he fell backwards and struck his left shoulder and head. He was wearing gloves, a helmet and pads at the time.

74. Physical examination of Claimant A at the hospital showed no tenderness of the cervical, thoracic or lumbar spine and normal range of motion for the left shoulder. Claimant A denied loss of consciousness, blurry visions, numbness and tingling to the extremities, or any symptoms consistent with a head injury.

75. Contrary to his claims as amplified by the Legal Service Defendants and the Medical Provider Defendants, Claimant A presented to the hospital with a single discernible injury, a one-centimeter [approximate length: -----] laceration to his finger.

76. Although Claimant A was initially represented by different firms, Claimant A was recruited by the Runner Defendants and subsequently retained Wingate Firm to represent Claimant A in two personal injury lawsuits alleging personal injuries and damages stemming from negligence at the construction site. Wingate Defendants directed the aggressive and unnecessary medical treatment of Claimant A.

77. Upon information and belief, at some point presently unknown, Claimant A became a runner himself, operating a network of purported claimants out of his residences of record that included but was not limited to his own family members.

78. Claimant A's family members and other recruits were similarly induced to take out litigation funding loans and otherwise participate in the fraudulent activities detailed herein.

79. Claimant A also retained Bangel Firm to represent Claimant A before the NY WCB.

80. Under the direction of Wingate Defendants and the care of the Medical Provider Defendants, what started out as a laceration of Claimant A's right middle finger (for which Claimant A received stitches and was sent home) became injuries to Claimant A's cervical spine, left shoulder, and left knee, for which Claimant A received physical therapy and acupuncture, multiple steroid injections from BL Pain Practice/Pain Physicians Practice, and left shoulder arthroscopy from Defendant Weinstein. Several months after the alleged accident, Claimant A complained of a new ailment – right shoulder pain – for which Defendant Weinstein performed a right shoulder arthroscopy. Fifteen months after the alleged accident, Claimant A was diagnosed with traumatic brain injury based on a fraudulent brain MRI. Claimant A also underwent spine surgery in October 2020.

81. Based on Claimant A's medical and workers' compensation records, many of the medical services provided to Claimant A were unnecessary, excessive and/or unwarranted and were not causally related to the alleged workplace accident.

82. The Funding Defendants provided high-interest litigation funding loan to Claimant A, the proceeds of which were then redistributed to Claimant A, the Runner Defendants who

recruited Claimant A, the Medical Provider Defendants who treated Claimant A, and the Legal Service Defendants.

83. The Medical Provider Defendants and/or Bangel Defendants on behalf of the Medical Provider Defendants electronically submitted fraudulent claim documents to the NY WCB for authorization and payment for medical services provided to Claimant A, which were unnecessary, excessive, unwarranted and/or costly and were not causally related to the alleged workplace accident.

84. Based on such submission of fraudulent claim documents to the NY WCB, payments, including payments made by or on behalf of Plaintiffs, were issued by mail and/or by ACH payment directly to the Medical Provider Defendants.

85. Bangel Defendants electronically submitted such fraudulent claim documents to the NY WCB and used the fraudulent medical records and assertions to falsely bolster and add value to Claimant A's workers' compensation claim, thereby inflating settlement value and ultimately, Bangel Defendants' financial gain from Claimant A's workers' compensation claim.

86. Wingate Defendants provided by mail or by electronic service to the New York Bronx County Supreme Court and to all named parties in the personal injury lawsuit, fraudulent documents containing false assertions regarding Claimant A's construction accident, the existence of and the extent of Claimant A's injuries, and the necessity of medical treatment that Claimant A received in connection with the construction accident, in order to falsely bolster and add value to Claimant A's personal injury lawsuit, thereby inflating settlement value and ultimately, Wingate Defendants' financial gain from Claimant A's personal injury lawsuit.

87. Wingate Defendants provided by mail or by electronic service to defense counsel medical authorizations and HIPAA releases signed by Claimant A for the release of Claimant A's medical records that Wingate Defendants knew or reasonably should have known were false.

ii. Claimant B

88. Claimant B was allegedly injured on September 16, 2019, his second day on the job, while working on a construction project in New York when he claimed to have slipped and fell approximately 4-5 feet, landing on his arms and right knee.

89. As per the witness account, Claimant B merely struck his knee when he briefly lost balance and did not fall. The witness was clear that Claimant B could not have fallen as the gap was too small for that to occur.

90. Upon information and belief, Claimant B utilized fraudulent identification documents that may have been purchased proximate to Roosevelt Avenue in Queens.

91. Claimant B received his OSHA card from an entity that has routinely allowed unlicensed individuals to effectively direct attendees how to file legal actions, with said individuals including employees of attorneys not sued herein.

92. Claimant B retained Wingate Firm and Wingate Defendants directed the aggressive and unnecessary medical treatment of Claimant B and filed a lawsuit on behalf of Claimant B alleging personal injuries and damages stemming from negligence at the construction site.

93. Claimant B also retained Bangel Firm to represent him before the NY WCB.

94. Initially, Claimant B complained of right leg and left shoulder pain, but his x-rays were negative. Claimant B was discharged from the emergency room with prescriptions for Tylenol.

95. Thereafter, under the direction of the Legal Service Defendants and the care of the Medical Provider Defendants, Defendant Kaplan falsely diagnosed Claimant B with meniscal tear of the right knee and performed right knee arthroscopy at Manhattan SC in June 2020. Then, Defendant Kaplan diagnosed Claimant B with rotator cuff tear of the left shoulder and performed shoulder surgery at Manhattan SC in May 2021. In the meantime, Defendant Grimm, Kaplan's colleague at NY Ortho, treated Claimant B for lumbar radiculopathy and provided multiple epidural steroid injections. Defendant Grimm also referred Claimant B to Defendant Weinstein for back surgery and based on fraudulent imaging by Lenox Practice, Defendant Weinstein performed lower back surgery on Claimant B in December 2020.

96. Based on Claimant B's medical and workers' compensation records, many of the medical services provided to Claimant B were unnecessary, excessive and/or unwarranted and were not causally related to the alleged workplace accident.

97. The Funding Defendants provided high-interest litigation funding loan to Claimant B, the proceeds of which were then redistributed to Claimant B, the Runner Defendants who recruited Claimant B, the Medical Provider Defendants who treated Claimant B, and the Legal Service Defendants.

98. The Medical Provider Defendants and/or Bangel Defendants on behalf of the Medical Provider Defendants electronically submitted fraudulent claim documents to the NY WCB for authorization and payment for medical services provided to Claimant B, which were unnecessary, excessive, unwarranted and/or costly and were not causally related to the alleged workplace accident.

99. Based on such submission of fraudulent claim documents to the NY WCB, payments, including payments made by or on behalf of Plaintiffs, were issued by mail and/or by ACH payment directly to the Medical Provider Defendants.

100. Bangel Defendants electronically submitted such fraudulent claim documents to the NY WCB and used the fraudulent medical records and assertions to falsely bolster and add value to Claimant B's workers' compensation claim, thereby inflating settlement value and ultimately, Bangel Defendants' financial gain from Claimant B's workers' compensation claim.

101. **D. Defendants' Pattern of Racketeering Activity**

298. The pattern of racketeering engaged in by Defendants involving a scheme to defraud and steal from Plaintiffs and others, began on or before 2018, and continues to the present day, and includes among others: *See* Pattern of Racketeering Activity – Predicate Acts, attached hereto as **Exhibit A**.

**IV. PLAINTIFFS' JUSTIFIABLE RELIANCE**

299. Tradesman is under a statutory obligation to promptly and fairly pay or object to claims within 45 days. *See* New York Workers' Compensation § 13-5(1). Nevertheless, supporting medical documentation is often not received by Tradesman until after the 45 day deadline to object.

300. The invoices and documentation supporting the Fraud Scheme submitted to Tradesman, the New York State Workers' Compensation Board, the New York Unified Court System, and others contained materially false statements and were designed to conceal materially false statements.

301. As such, Tradesman justifiably and reasonably relied on them as facially valid.

**V. DAMAGES**

302. Plaintiff Roosevelt is a reinsurer which underwrites policies and provides reinsurance that covers the various workers' compensation claims and personal injury lawsuits filed and prosecuted by the Legal Service Defendants as part of the Fraud Scheme. As such, Roosevelt is a party directly and ultimately damaged by the Fraud Scheme.

303. Due to Defendants' perpetration of the Fraud Scheme, Roosevelt has incurred expenses paid as reimbursement to primary insurers providing coverage for the claims and lawsuits filed and/or prosecuted by the Legal Defendants on behalf of Claimants.

304. But for Defendants' perpetration of the Fraud Scheme, Roosevelt's expenses paid as reimbursement to primary insurers would be less because the Claimants' injuries, if any, would be less severe and the medical services necessary to treat any accident-related injury, if any, would be less significant, resulting in lower settlement value of such claims and lawsuits and thus, less litigation expenses.

305. Due to Defendants' perpetration of the Fraud Scheme, Roosevelt has incurred general liability claim adjustment expenses progressively rising from \$14,020,890.00 in 2018 to \$36,362,147.00 in 2019 (159% increase from 2018), to \$58,694,694.00 in 2020 (61% increase from 2019), to \$91,334,395.00 in 2021 (56% increase from 2020), and to \$142,127,559.00 in 2022 (56% increase from 2021 and 914% increase in four years).

306. Between 2021 and 2022 alone, Roosevelt's net outstanding liability under general liability reinsurance increased from \$81,267,474.00 to \$119,069,641.00, an increase of nearly 47% notwithstanding the COVID-19 pandemic during 2020, which led to the single largest one-year decline for the construction industry in New York City since 1990. *See* Office of the New York State Comptroller, "The Construction Industry in New York City: Recent Trends and Impact of COVID-19," March 3, 2022, at 3. *See* <https://www.osc.ny.gov/files/reports/osdc/pdf/report-3-2021.pdf>, incorporated herein by reference, last accessed February 15, 2024.

307. The drastically escalating cost of construction-related claims in both the Workers' Compensation and general liability areas stands in marked contrast to the overall decreasing

number of workplace injuries, which in New York City reportedly decreased from 759 in 2018 to 554 in 2022 (a 27% decrease). *See e.g.*, “2022 New York City Construction Safety Report,” at [https://www.nyc.gov/assets/buildings/pdf/con\\_safe\\_2022.pdf](https://www.nyc.gov/assets/buildings/pdf/con_safe_2022.pdf), incorporated herein by reference, last accessed February 15, 2024. The number of workplace incidents decreased from 1,193 in 2018 to 751 in 2022, a 37% decrease. *Id.*

308. In an April 2024 study, the New York Civil Justice Institute indicated that insurance costs in New York are higher than any other state and that insurance professionals warn that the market is headed toward a crisis that will have long term implications for consumers.” *See* <https://acrobat.adobe.com/id/urn:aaid:sc:us:2de7b5f8-2913-4ed4-8ec4-625d1ca07466>, incorporated herein by reference, last accesses August 5, 2024.

309. The study goes on to say that construction insurance costs are the highest when compared to nearby states such as Connecticut, New Jersey and Pennsylvania at a rate of 12.5% of a project’s costs versus 2.5%, respectively. *Id.*

310. Further, the study cites information that an average Labor Law 240(1) claim will settle for above \$1 million, however, if there is a neck or back surgery involved, the claim value averages between \$2 million to \$3 million or more. *Id.*

311. In the face of fraudulent insurance claims, much like the defendants’ Fraud Scheme, the New York Legislature has introduced a bill making the staging of a construction accident and the encouraging and assisting the same, a Class E Felony in the State of New York. That bill is currently pending.

312. Plaintiff Tradesman serves as a management general agency that provides management services to various insurers and reinsurers, including Plaintiff Roosevelt, including

general liability and workers' compensation services from underwriting through claims handling and subsequent administrative and legal actions, specifically focusing on safety management and effective handling of claims within the construction industry.

313. Tradesman made substantial payments and sustained significant damage in connection with its management of the policies that cover the various claims and lawsuits filed and prosecuted by the Legal Service Defendants as part of the Fraud Scheme.

314. Due to Defendants' perpetration of the Fraud Scheme, numerous insurance carriers have ceased to write Workers' Compensation and/or general liability policies in the State of New York, which has resulted in damage to Tradesman's business

315. Defendants' patterns of fraudulent conduct caused injury to Plaintiffs in their business and property by reason of the aforesaid violations of state and federal law. Although it is not necessary for Plaintiffs to calculate damages with specificity at this stage in the litigation (whereas Plaintiff's damages continue to accrue), Plaintiffs' injuries include, but are not limited to the following:

- a. Plaintiff Roosevelt – Actual and consequential damages for the payments such Plaintiff made as reimbursement for payments made directly to the Defendants or to others due to Defendants' pattern of fraudulent conduct in connection with claims made under New York's Workers' Compensation Laws and New York's Labor Laws, the exact amount to be determined at trial.
- b. Plaintiff Tradesman – Actual and consequential damages for the damage to Tradesman business including, but not limited to, expenses incurred for the

administration of these claims and the retention of additional staff to perform investigative and support services for claims wherein the Defendants are submitting or causing to be submitted claims/demands for monetary payments in connection with New York's Workers' Compensation Law and New York's Labor Laws, the exact amount to be determined at trial.

327. As a result of the pattern of racketeering activity, Plaintiffs have suffered damage to their business and property.

WHEREFORE, Plaintiffs demand judgment against the Defendants, and each of them, jointly and severally, for:

**Common Law Fraud**  
**(Against Legal Service Defendants and Medical Provider**  
**Defendants (collectively, "Count III Defendants"))**

328. Plaintiffs incorporate herein by reference the allegations contained in the above paragraphs as though set forth in their entirety.

329. The Count III Defendants made misrepresentations of facts, deliberately concealed, omitted materials facts that they had a duty to disclose in connection with their claims for reimbursement and/or payment under New York law.

330. These misrepresentations of fact by the Count III Defendants included, but were not limited to, the material misrepresentations of fact made in asserting the legitimacy of accidents, the existence of injuries and the necessity of treatment.

331. The Count III Defendants' representations were false or required disclosure of additional facts to render the information furnished not misleading.

332. The Count III Defendants made these misrepresentations in furtherance of the scheme to defraud Plaintiffs by submitting claims for payment of workers' compensation and general liability insurance benefits.

333. The Count III Defendants' misrepresentations were known to be false from the onset and were made for the purpose of inducing Plaintiffs to make payments for claims that were not legitimate.

334. Plaintiffs reasonably and justifiably relied, to their detriment, on the truthfulness of the Count III Defendants' representations concerning their eligibility to receive payments of workers' compensation and general liability insurance benefits, and without knowledge of the Count III Defendants' scheme and artifice to defraud them.

335. The Count III Defendants knew, or should have known, that Plaintiffs would so rely on and intended that they so rely on their truthfulness.

336. But for the Count III Defendants' misrepresentations, omissions, concealment of material facts, and fraudulent course of conduct, Plaintiffs would not have paid workers' compensation and general liability insurance benefits.

337. Plaintiffs at no time knew or had reason to know in the exercise of due diligence or reasonable care that the Count III Defendants were engaged in misrepresentations, omissions, and fraudulent conduct.

338. As a direct and proximate cause of the Count III Defendants' misrepresentations, omissions, concealment of material facts, and fraudulent course of conduct by the Count III Defendants, Plaintiffs have been damaged. Plaintiffs' damages include, but are not necessarily

limited to, benefit payments, administration costs, investigative and defense costs paid by Plaintiffs to the Count III Defendants or caused by the Count III Defendants.

339. Because the Count III Defendants' conduct was knowing, intentional, willful, wanton, and reckless, Plaintiffs are entitled to an award of punitive damages.

WHEREFORE, Plaintiffs demand judgment against the Count III Defendants, and each of them, jointly and severally, for:

- a. An award of Plaintiffs' actual and consequential damages to be established at trial;
- b. Plaintiffs' costs, including, but not limited to, investigative costs incurred in the detection of the Count III Defendant's illegal conduct; and
- c. Such other relief as the Court deems just and proper.

**COUNT IV**  
**Unjust Enrichment**  
**(Against Legal Service Defendants and Medical Provider**  
**Defendants (collectively, "Count IV Defendants"))**

340. Plaintiffs incorporate herein by reference the allegations contained in the above paragraphs as though set forth in their entirety.

341. As described above, the Count IV Defendants conspired to induce Plaintiffs to make or expend numerous and substantial payments to them or others.

342. The Count IV Defendants were never eligible to make claims or seek reimbursement under New York law because, at all relevant times, the accidents, injuries and treatment were fraudulent.

343. When Plaintiffs paid the Count IV Defendants and others, Plaintiffs reasonably believed that it was legally obligated to make such payments based upon the misrepresentations

and omissions that the Count IV Defendants, or those persons working under their control, made concerning the Count IV Defendants' eligibility to make claims or seek reimbursement under New York law.

344. Each and every payment that Plaintiffs made or was caused to make to the Count IV Defendants and others during the course of the Fraud Scheme constitutes a benefit that the Count IV Defendants sought and voluntarily accepted.

345. Throughout the course of their scheme, the Count IV Defendants wrongfully obtained from Plaintiffs benefit payments as a direct and proximate result of the unlawful conduct detailed above.

346. Retention of those benefits by the Count IV Defendants would violate fundamental principles of justice, equity, and good conscience.

WHEREFORE, Plaintiffs demand judgment against the Count IV Defendants, and each of them, jointly and severally, for:

- a. An award of Plaintiffs' actual and consequential damages to be established at trial; and
- b. Such other relief as the Court deems just and proper.

**COUNT V**  
**Declaratory Relief Pursuant to 28 U.S.C. § 2201**  
**(Against Legal Service Defendants and Medical Provider**  
**Defendants (collectively, "Count V Defendants"))**

347. Plaintiffs incorporate herein by reference the allegations contained in the above paragraphs as though set forth in their entirety.

348. Pursuant to 18 U.S.C. § 2201(a), the Court may determine the rights and legal obligations of the parties.

349. There is an actual case and controversy between Plaintiffs on the one hand, and the Count V Defendants on the other hand, as to all charges for examinations, treatments, testing, injections, surgeries, and physical therapy that have not been paid to date and through the pendency of this litigation. Plaintiffs contend these Count V Defendants are not entitled to reimbursement for any of these charges.

350. Because these Count V Defendants have made false and fraudulent statements and otherwise engaged in the fraudulent conduct described above with the intent to conceal, mislead and misrepresent material facts and circumstances regarding each claim submitted, these Count V Defendants are not entitled to any reimbursement for alleged services relating to any of the claims at issue.

WHEREFORE, Plaintiffs demand judgment against Defendants for:

- a. A declaration that the Count V Defendants, at all times relevant, have submitted claims and bills to Plaintiffs for staged accidents and unnecessary healthcare services in violation of New York law;
- b. Declare that the Count V Defendants' activities are unlawful;
- c. Declare that Plaintiffs have no obligation to pay any pending, previously-denied, and/or future workers' compensation or general liability insurance claims submitted by the Count V Defendants; and
- d. Such other relief as the Court deems just and proper.
